A screenshot of a web page's sign-in section. At the top right, a 'Sign In' link with a small upward-pointing triangle is highlighted with a red rectangular box. Below this, the form contains a label 'Email address / Username' with a question mark icon, followed by an empty text input field. Below that is a 'Password' label and another empty text input field. A blue 'Sign In' button is positioned to the left of the text links 'Forgot password?' and 'Don't have an account?'. At the bottom of the form, there is a link that says 'Sign in with OpenAthens / AMF'.

Once you have logged in, you will see your username displayed in place of the **Sign In** link. There's a small drop-down arrow next to the username; click on it to reveal a menu of account options. Click the link to **Activate Purchases and Trials**.
